

# FomoFrog Litepaper

## Introduction

FomoFrog is a Solana-based meme token engineered to ride the viral waves of internet culture. Our mission is to create the most entertaining and rewarding community token on the Solana network.

## Tokenomics

Total Supply: 1,000,000,000 \$FOMO

- 40% Public Presale
- 25% Community Airdrops
- 15% LP & DEX Listing
- 10% Team & Advisors (Vested)
- 5% Marketing
- 5% Treasury & Ecosystem

## Roadmap

Phase 1: Launch Website & Presale

Phase 2: Viral Marketing & Airdrop Leaderboard

Phase 3: CEX Listings & NFT Utility

Phase 4: Meme Wars, Holder Games, and DAO Governance

## Community

Our Telegram (@TheFomoFrog) and Twitter (@FomoFrogCoin) are central hubs for updates, contests, and engagement. Join us and get in early on the frog frenzy.

## Security

FomoFrog has no team allocation dump at launch. LP will be locked, and token contract is verifiable. We're committed to transparency and fair play.

## Conclusion

Join the FOMO - be a frog not a fossil. Visit [fomofrog.com](https://fomofrog.com) or join the frenzy before the tadpoles turn into moon-bound frogs.
